Academic Portfolio Website — Next.js + Tailwind CSS + Framer Motion

SUMMARY

Build a modern, editorial-style author/professor portfolio website using Next.js, Tailwind CSS, and Framer Motion. The site can be implemented as a single-page scrolling experience or a multi-route application.

TECHNICAL SKILLS

Next.js
Tailwind CSS
Framer Motion
TypeScript
Next.js (App Router)
Next.js Image component
Semantic HTML
ARIA labels
Keyboard navigation
Open Graph
Twitter Cards
Canonical URLs
Schema.org
Person
Organization
ScholarlyArticle
Book
Lenis

DESIGN SYSTEM

Color Palette: Primary Background #FFFFFF; Secondary Background #F7F8FA; Primary Accent (Navy/Royal Blue) #1A2A6C; Heading/Text #111111; Secondary Text #6B7280; Accent Highlight (Electric Blue) for links, underlines, hover states, badges, and decorative elements. Typography: Display/Hero Headings: Archivo Black, Anton, Bebas Neue. Body Font: Bahnschrift. Monospace Accent Font: Space Mono, JetBrains Mono. Applications: [HOME], [ABOUT], [CONTACT], section labels, category chips, metadata, dates, publication tags. Visual Style: editorial and minimal aesthetic, large-scale typography, generous whitespace, thin hairline dividers, asymmetrical grid layouts, bracket-style navigation links, small geometric accent shapes (circles, stars, abstract icons), blue accent decorative elements, emphasis on hierarchy and readability. UI Components: Buttons with sharp-corner pill/rectangle buttons and hover invert effects; highlighted text with solid color background highlights; tags & badges with monospace labels and colored indicator dots; cards with soft shadow, subtle border, hover lift animation, clean editorial spacing.

MOTION & INTERACTION (FRAMER MOTION)

Hero Section: staggered fade-up entrance animations with sequential reveal (Name, Title, Tagline, CTA Buttons); decorative elements with floating motion, slow rotation, parallax movement. Scroll Animations: each section fades in,

translates upward, with staggered child animations (publication cards, award cards, research interest tags, collaborator grid). Navigation Effects: underline draw animation, color-fill hover states, smooth active-state transitions. Page Transitions: shared layout animations, smooth scrolling, optional Lenis integration. Additional Motion: education & honors timeline reveal, counter animations, progressive year reveal; hero portrait subtle parallax movement.

SITE STRUCTURE

Sections: 1) Home (hero with full-bleed layout, oversized name typography, portrait, role/title, tagline, CTA buttons, bracket-style navigation). 2) About/Personal Profile (biographical statement, two-column portrait + biography, research interests as interactive tag cloud). 3) Education, Training & Honors (animated education timeline; awards/recognitions card grid; summer schools & pedagogical training list/accordion). 4) Publications & Scholarly Output (filterable/tabbed categories: Books, Research Articles, Forthcoming, Book Chapters, Conference Proceedings, Book Reviews, Blogs, Essays in Press; publication cards with title, authors, venue, year, abstract snippet, DOI/external link; books as editorial mockups). 5) Research Supervision & Collaboration (PhD/MA thesis supervision fields; international collaborators grid, optional world map). 6) Academic Service & Professional Contributions (accordion categories including editorial roles, advisory roles, peer review, agencies/foundations, jury memberships, special issue editorships). 7) Presentations, Media & Outreach (invited talks, conference presentations, interviews/podcasts/YouTube media cards). 8) Teaching & Academic Leadership (courses taught table/card grid, workshops organized, administrative positions). 9) Community Engagement & Extramural Activities (activity, organization, date, description). 10) Contact (contact form, academic profile links, footer navigation, copyright, social links).

TECHNICAL REQUIREMENTS

Framework: Next.js (App Router), TypeScript. Styling: Tailwind CSS. Animation: Framer Motion. Images: Next.js Image component with lazy loading and optimized delivery.

ACCESSIBILITY

Semantic HTML, ARIA labels, keyboard navigation, high color contrast, focus states.

SEO

Metadata: Open Graph, Twitter Cards, Canonical URLs. Structured Data: Schema.org Person, Organization, ScholarlyArticle, Book.

HEADER

Sticky header with transparent state on hero, solid background on scroll, animated transitions.

DARK MODE

Optional toggle with deep navy backgrounds, soft blue accents, and light typography.

TAILWIND CONFIGURATION

Custom Colors: background #FFFFFF, surface #F7F8FA, primary #1A2A6C, accent #3B82F6, text #111111, muted #6B7280. Fonts: display Anton sans-serif, body Bahnschrift sans-serif, mono JetBrains Mono monospace.

REUSABLE COMPONENTS

Layout: Layout, Container, Section, Divider. Navigation: NavBar, MobileMenu, BracketLink. Typography: AnimatedHeading, SectionLabel, HighlightText. UI: Button, Tag, Badge, Card. Data Display: Timeline, PublicationCard, BookCard, AwardCard, CourseCard, CollaboratorCard. Motion Utilities: FadeInSection, StaggerContainer, RevealText, CounterAnimation. Forms: ContactForm.

DESIRED OUTCOME

A premium academic portfolio that feels like a hybrid between a contemporary editorial magazine, a university faculty profile, and a modern author website; emphasizing scholarship, authority, readability, elegant motion, and a clean blue-and-white visual identity.
